2. Help you to learn about buying and eating food that is good for you and help you with personal hygiene.
3. Help you to save money and to manage your money so that you have enough to buy the things you need.
4. Help you to join groups or clubs, meet other people and find interesting things to do.
5. Help you to find other people that you could share a house with and help you to live where you want.
6. With your permission Estia staff members could help you to make your doctor's appointment and if you need assistance could organise for you to get there and to the chemist if needed.
7. Help you speak up about issues that matter to you and have people listen to what you have to say.
8. Support you in their permanent supported accommodation facilities or their short-term accommodation facilities, depending upon which you access.
9. Estia can also provide you with Support Coordination if you have that item in your NDIS Plan.

WHO DOES ESTIA HELP?

1. Any person with an intellectual/developmental disability can request help from The Estia Foundation and we will provide help to males and females regardless of their age or nationality, background or religious beliefs.
2. Estia will assess each person who asks for help and will either offer or decline a service based on the outcome of the assessment.

3. Estia assists people who are registered with the NDIS and have funds in their plans for either Supported Independent Living or Short Term Accommodation.
4. Most people assisted by Estia have received funding from the NDIS so that Estia can employ people to help them.
5. Where possible, Estia may be able to provide assistance who do not have NDIS funding but can help you obtain the necessary funding from the NDIS.

WILL I GET HELP IMMEDIATELY?

1. Estia always tries to help people as quickly as it can. This depends on how busy the staff are and how many people Estia is already helping. Help may not start as soon as you ask about it.

WILL I HAVE TO PAY FOR HELP FROM ESTIA?

1. Any people we support who are living in an Estia home and are receiving a pension or earning an income, may need to pay some money for things such as rent, food, and other household costs. These arrangements will be discussed with you before you move into a home operated by Estia.
2. The NDIS will also cover the support costs for the type of service you require, whether it be Supported Independent Living or Short Term Accommodation.

HOW DO I LET ESTIA KNOW THAT I NEED HELP?

1. You or with your permission, your family or any other person can phone or call at the office of Estia and ask about receiving help.

WHAT WILL HAPPEN WHEN I FIRST ASK ESTIA FOR HELP?

1. You will need to give Estia some information. Estia will need to know about the disability you have and the type of help that you think you may need. Estia will also need to know if you are able to receive any NDIS funding. If Estia has the resources to help you, you will be asked to sign a consent form so that Estia can transfer your information from the organization that is currently assisting you. This is so that Estia can receive all the information it needs to help you.
2. To help Estia know what you want from it there will be a meeting with you, your family, advocate, and your current service provider to work out what assistance Estia will be required to provide for you.

3. When Estia is sure it has the best plan for you it will send you a letter telling you and/or your family what services it will be able to provide for you and which worker will be assisting you and when that assistance will begin.

WHAT IF ESTIA IS NOT ABLE TO HELP ME?

1. If Estia is not able to help you, a letter will be written to you that will tell you why it cannot help you at this time. It may also offer some information about other organizations that can help you.

ADVOCACY

WHAT IS AN ADVOCATE?

1. An advocate is a person who will listen to you, help you to make decisions about what should happen in your life and help you to make those decisions work by speaking on your behalf. An advocate makes sure that people that provide support to you, respect your rights and will speak out for you if your needs are not being met as has been agreed. An advocate will also make sure that services like Estia give you the best possible service.

WHO CAN BE AN ADVOCATE?

1. You can ask anyone you know well and trust to be your advocate. Normally an advocate is:
 - A friend you trust.

HOW CAN ESTIA HELP ME WITH ADVOCACY?

1. If you want someone to act on or speak on your behalf, Estia will help you find an advocate.

WILL MY ADVOCATE BE A WORKER FROM ESTIA?

1. The advocate would not normally work for Estia. There may be times when Estia will act as an advocate for you with other services. It is usually best however if the person you choose as an advocate does not work for Estia. This is to ensure that the advocate is independent and always works in your best interests.

HOW CAN ESTIA HELP MY ADVOCATE?

1. Estia will with your permission provide your advocate with all the information they need to ensure that Estia and any other service providers are acting in your best interest.
2. Estia will work closely with your advocate and involve that person in the planning of services that will be provided for you.
3. Estia will ensure that its staff members understand the role of an advocate and will also promote the use of advocates as a support person for people who receive services from our organization.
4. Estia will ensure that your advocate is invited to:

- Consultation meetings.
- PCP meetings and reviews.
- Any other relevant meetings or conferences.

WHAT WOULD HAPPEN IF MY ADVOCATE AND ESTIA DISAGREE ABOUT SOMETHING?

1. Estia will always give the advocate the opportunity to discuss problems or concerns they may have. If your advocate still has concerns that cannot be resolved by Estia, your advocate will be informed of the complaint process and of agencies that have a responsibility to make sure that Estia does its job properly. One such agency would be the NDIS Quality and Safeguards Commission.

CONSENT

WHAT DOES IT MEAN TO GIVE CONSENT?

1. When you give consent, you are giving your permission or saying that it is OK for a particular thing to happen. This means that it is your choice if you want people to read your file or provide information to another person or agency. You must always fully understand what a person needs your consent for, and if you have any doubt you should ask your advocate for help.

2. If you feel that you are unable to give consent about issues in your life, then Estia can talk to your parents/family/advocate.
